

# Talking to Technology?

If yes, we're interested in talking with you!

**Have you ever used a chatbot such as ChatGPT, Replika, or Character.AI as a companion, or for advice? As an intimate partner? To discuss family or career?**

A team at MIT is conducting a study on people's range of experiences talking to technology, and we would love to hear from you. Your participation will be confidential.

**Contact us via text (617) 299-6371, or email [aichatlife@gmail.com](mailto:aichatlife@gmail.com)**

We look forward to hearing from you!
